

### STEPS TO DOWNLOAD WORLDSMART MESSENGER

Product name change from Worksmart to WorldSmart mandates the Instant Messenger updated from 'Worksmart Messenger' to 'WorldSmart Messenger'. The following are the steps to follow for downloading the latest WorldSmart Messenger:

- Login to Worksmart Messenger using your Username and Password

- A Message will be popping as like below:

- After clicking **OK**, it will be redirected to a web page, to download and has all required details of pre-installation checklist, installation, system requirements, and steps to install.

**Note:**

- Users can't use the Instant Messenger service unless they upgrade to the latest WorldSmart Messenger
- Make sure you uninstall Worksmart Messenger before installing the latest 'WorldSmart Messenger'
